

2026 Global Leadership Forum – Europe

Leading with Purpose: Changing Lives, Building Communities

A Global Gathering for Leaders Who Are Ready to Shape the Future

We are living in a defining leadership moment.

Across nations, organisations, businesses, churches and communities, leaders are facing new levels of complexity: cultural division, economic uncertainty, technological disruption, generational shifts, public mistrust, spiritual hunger and social instability.

Businesses, Churches, Government and Civic Leaders are navigating uncertainty and are being called to provide wisdom, stability, hope and transformation in a world searching for answers.

The **2026 Global Leadership Forum – Europe** is a powerful three-day gathering in London for leaders at all levels, business people, ministry leaders, church members, change agents and purpose-driven professionals from around the world. It will bring together visionary leaders from the marketplace, the Church, and wider society to explore how purpose-led leadership can change lives, build communities and influence nations.

This is not just another leadership conference.

Carrying forward the legacy of Global Leadership Statesman, late Dr Myles Munroe and his co-founders of ITWLA, this is a global leadership encounter designed to equip you with fresh vision, time-tested practical strategies, Kingdom wisdom and meaningful relationships that will help you lead with greater clarity, courage and impact.

You will not simply attend sessions. You will be challenged to think deeply, connect intentionally and return home better equipped to lead where God has placed you.
